TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretend to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES MCCABE, Southern Passenger Agent, near College street Depot, Nashville, Tenn., or to the undersigned.

sept 18-tf J. H. NEFF,

The Evening Post.

WILMINGTON, N. C.

Saturday, September 27th, 1873.

The New York *Times* of Wednesday, on the situation says:

"The Stock Exchange will doubtless remain closed to-day, and the evil hour of settlement among the brokers is consequently postponed. The 'bears' have become the 'bulls,' and even Jay Gould is said to be reduced to despair. No time will be lost in sympathizing with him. The Treasury continues to buy bonds, but greenbacks are as scarce as ever. The circulating medium which has gone out of the Treasury is locked up somewhere or other. People hold on to that invaluable article as tightly as they can. This can only last a few days more, and in the meantime there is no very bad news from other parts of the country. The panic does not spread, and this is the most favorable symptom we have to report. The banks, as we have pointed out elsewhere, must continue to give all the assistance they can to their customers, and in that way confidence—which is much more valuable in its way than greenbacks—will gradually be restored. The general public are still showing great patience and forbearance; the merchants are doing very well; and the three worst days of this week have passed without any overwhelming disaster. We shall weather out the gale, for the ship is sound enough; and we venture to say that few communities could have stood so well as we have done against a strain equally severe and unexpected."

THE following report of the action of the associated banks of New York in the Clearing House, for their protection, will be read with interest. It is from the financial column of the New York *Times*:

First—That having already provided $10,000,000 Clearing Certificates of their own, which were all issued up to last night, the further sum of $10,000,000 was authorized to-day, and when these are exhausted, another $10,000,000 will be issued. These Certificates are charged with 7 p cent. interest to the Banks that take them out for their own accommodation or further relief of their dealers, based apon the pledge of the Public Funds of the United States at their par value, and of other approved securities, including merchant paper, at the rate of 75 per cent. of their bank market value. The Banks in the Association that have already or mean at once to put themselves in a safe and comfortable position, are not likely, if provident, to borrow of the Association at 7 per cent. beyond their actual needs.—The Executive Committee of the Clearing-house having plenary authority over the conduct of the Associated Banks, will not, of course, permit any palpable abuse of this measure of relief, nor countenance excessive certification of the Brokers or other parties, palpably designed to be settled by resort to Clearing Certificates.

Secondly. The Banks resolve to stand by each other, for common defense against a common panic or emergency. They agree to certify checks *payable only through the Clearing-house*, which means that the debtor Bank, next morning, can settle its balances either in the certificates of the Association or in greenbacks, at convenience. The demands or needs of Bank dealers for Greenback Notes will have to be settled by mutual agreement at the counter of the Banks. But to provide additional means to supply such needs, the Association this morning resolved to secure by purchase, or by borrowing of the Insurance Companies and other Corporations who are not willing to sell, the use of $10,000,000 United States 5-20 Bonds, which they will transfer to the Treasury, on its own terms, for Greenbacks, the Associated Banks to bear the cost or difference of the operation in proportion to capital. These Greenbacks and all other Greenbacks and Treasury Certificates calling for Greenback Notes held by the Banks, are pooled or stocked, for equal division, according to capital of all the Association. *Thirdly.* The Banks resolve that any Bank in the Association "declining to participate fully in the arrangement" above noticed, for the pnrpose of attempting to make a factitious reputation or credit by departure from the letter or spirit of these measures of relief and mutual defense, shall on report to the Manager of the Clearing-house, *be expelled the Association*, and checks upon such Banks shall be drawn by presentation by a special messenger of the Association.

— The following was the financial exhibit of the Treasury Department at the close of business Thursday: Currency, (less amount paid for bonds purchased in New York and not reported,) $14,764,419.11; special deposit of legal tenders for redemption of certificates of deposit, $33,725,000; coin, $84,751,915.10; including coin certificates, 36,307,400; outstanding legal tenders, $356,000,000. The receipts from internal revenue sources Thursday were $260,758.53.

EDITORIAL BUDGET.

— The bombardment of Cartagena will be re-opened Saturday or Sunday next. The insurgent men-of-war in the harbor are unable to move, their engineers refusing to serve longer. Gen. Monones has arrived at Tebosa.

— The health authorities of Lisbon have ordered a strict quarantine to be enforced on all vessels coming from Hull, England, on account of the reported prevalence of cholera there. No other English port is included in the orders.

— It is reported that a note has been received at the foreign office, London, from the Spanish Government, urging the immediate restoration to the Madrid authorities of the frigates Vittoria and Almansa, now detained at Gibraltar. It is also said that the relations between the two Powers will be ruptured if the British Government declines to release the two vessels.

— Late information received from the Sandwich Islands reports the serious illness of King Lunalilo. His attending physicians had deemed it necessary to call in some of the leading physicians of Honolulu in consultation, which had caused serious alarm and excitement. In consequence of this the Captain of the U. S. steamer Portsmouth, which was to have sailed on September 12, to prosecute her surveying duties, had concluded to remain in port a week or so longer, in order to protect American interests in case the death of the king should cause serious trouble regarding the succession.

— Prof. J. W. Bailey made an ascension in a balloon, Thursday, from the fair grounds at Wapello, Iowa. The balloon was inflated with hot air, and left the ground with Bailey hanging by his hands to a horizontal bar beneath. Just as it started it took fire near the mouth and Bailey did not notice the fire until he was too high to let go with safety, but hung on till he reached an altitude of twelve or fifteen hundred feet, when the canvas that held the hoop from which he was suspended burned away and he fell, reaching the earth a quarter of a mile from the starting point. The body was frightfully mangled; his legs were driven in the hard ground up to his knees.

— The London press have the following upon the situation: The *Daily Telegraph* says: "It cannot be too strongly enforced that there is nothing radically unsound here or in the United States. The great mass of capitalists are not affected by the trouble." The *Daily News* remarks that in the absence of a system of long credits the materials for a panic among American trading houses do not exist. It believes the worst is over. It is said that bullion to the amount of £500,000 will be withdrawn from the bank to be sent to America by next Saturday's steamers. It believes that the financial panic in New York will lead to the resumption of specie payments.

— Thursday evening commenced the exercises connected with the consecration of the Asylum of Knights Templar in Philadelphia. The Grand Master of the Masons received the officers of sister Grand Lodges at the old hall in Chestnut street, and escorted them to the Templar *Tournoi* at the Academy of Music and the Horticultural hall on Broad street, which are connected by an inclosed gangway. Ten or twelve thousand people were present. The exhibition drill lasted in both halls until 10 p. m., when dancing commenced. Broad Street was illuminated by calcium lights and in the vestibule of the academy was a pictnre in Mosaic of the new Temple. In an hour after the doors were opened, both halls were filled. The bugle sounded at 8:30, the curtain rose, and the knights, fully equipped, appeard on the stage, presenting a grand spectacle. The Grand officers then entered and reviewed the lines, which broke into threes and filed through the passage to the horticultural hall. The staging of the hall was covered with plants.

A consultation was held at the Treasury Department Thursday morning between Secretary Richardson and Attorney General Williams on the financial situation. The main point under discussion was whether or not the Government had not already done all that it could, in a legitimate way, to relieve the pressure. The conference lasted about an hour, and was adjourned to await the arrival of the President, and was renewed again at the White House shortly after 7 o'clock p. m., and lasted until 9 p. m., when it was decided that all the relief necessary to be afforded had been given by the Treasury for the legitimate business of the country, and that the Treasury will pay out no more currency otherwise than in the ordinary disbursements. By this it meant that the Treasury will buy no more bonds at present, nor sterling exchange. The result of the conference was immediately telegraphed to Assistant Treasurer Hillhouse at New York.

SECOND PRESBYTERIAN CHURCH—Corner of Fourth and Campbell streets—Preaching at 11 o'clock a. m., by Rev. H. B. Burr. Sabbath School at 4 p. m.

MRS. LAURA ROTHWELL gives notice in this issue that her school for boys and girls will be opened on the first of October. Mrs. Rothwell's school is well known, and is fully deserving of its enviable reputation.

THE bonds of J. J. Hewlett, Clerk of Masonboro' Township, with Elijah Hewlett and George Harper as securities; and that of Jeremiah Hewlett as Constable, with W. S. Hewlett, S. H. Manning, W. P. Canaday, and A. H. Morris, as securities, were handed into the Board of Township Trustees, and were accepted.

ST. JOHN'S CHURCH, Sept. 28th—16th Sunday after Trinity—Celebration of the Holy Eucharist at 7½; Morning Prayer at 11; Evening Prayer at 5 o'clock.

September 29th—St. Michael and All-Angels—Morning Prayer at 7: Evening Prayer at 5½ o'clock.

FOOT PADS.—A few nights since as one of the railroad officials was wending his way homeward, and while near the corner of Front and Walnut streets, was suddenly affronted and struck at with a stick, by some one who was secreted behind a tree, but luckily for the official he dodged the blow, and left the would-be robber and murderer in a perfect state of consternation and disappointment. These attempted depredations on the part of a certain class of men that infest our city, is becoming alarmingly frequent, and it behooves the police to be more watchful, and if possible to apprehend and lodge them in the guardhouse to await trial. We suggest that the vagrant act be strictly enforced, and perhaps there will not be quite as much burglary and highway robbery carried on in our midst.

PAPER PILFERERS.—There are some boys, or perhaps older persons, who take their neighbors' papers and use them, or may be sell them. It may do some good to those who choose to steal a paper, or its equivalent, five cents, to know that such an offence involves a residence in the workhouse or penitentiary for a term of years. Let every one ask himself quietly if a paper or a few cents are worth two years hard work in the penitentiary, and a deep and damning disgrace when once out of it. We sometimes have complaints left with us that the POST was not left, and upon making enquiries of the carriers they assure us that the papers are left regularly, and we can only think, knowing that papers are often stolen, that some one has been applying the kleptomania art to the papers of our subscribers. We are going to use the most strennous exertions to apprehend and bring paper pilferers to the bar of justice, and let these little villains take warning, and remember that justice swoops like a famishing eagle upon all criminals.

THE TOWN CRIER.

— Mild.

— Gold is 114¼.

— Very healthy.

— Merchants are blue.

— Currency in demand.

— Cash seems to be very scarce.

— Gloomy times, but we look for better.

— Register Hill issued 8 marriage licenses the past week.

— There were 222 carts entered by the Clerk of the Market the past week.

— An opportunity will be afforded good citizens to go to church to-morrow.

— "In union there is strength." This has no connection with the Union Trust Company.

— Dr. Scott is repairing, whitewashing and otherwise rejuvenating the Poor House.

— Oysters are becoming more plentiful, and we begin to see the old familiar piles of shells in the streets.

— Every paper in the State, we believe, has an article on finance. We wish some of them would tell us something new.

— A correspondent from Abbottsburg gives us the particulars of the "run" on their little bank. We give *currency* to his vagaries, but he should himself be *suspended*. The "shrinkage" in the *value* of his letter is due to a dispatch previously sent to the morning papers.

— The way they make beds in the country was illustrated to-day by a sufferer. He says, "One goose furnishes the entire material for a bed. The head feathers make the pillow, the neck the bolster and the balance of the feathers are thrown into a bag and called a bed!" We don't want any.

PINE FOREST CEMETERY.—There was one interment the past week.

W. H. HOWE has resigned his position as private on the police force, and Edgar Miller has been appointed to fill the vacancy.

MARKET REPORTS,—J. E. Sampson, Esq., Clerk of the Market, informs us that there were slaughtered during the past week, beeves, 80; hogs, 9, and sheep 54. People must eat, if currency is scarce.

A SEVERE shower this morning soaked a great many people, and ere they had succeeded in borrowing umbrellas, the clouds cleared away and the sun, warm as on an April morning, laughed them to scorn, as he twinkled through the glistening drops on the trees.

Mayor's Court.

His Honor W. P. CANADAY, Mayor, presiding.

Two persons, charged with disorderly conduct, submitted and were required to pay the costs.

Spencer Stanford, charged with disorderly conduct, was continued until Monday.

Magistrates' Courts.

Before WM. H. MOORE, J. P.

Flora Martin sued out a warrant against May Green for assault and battery. The prosecutor was required to pay the costs.

Susan Brown, against Ben Shaw. for an assault. Shaw was fined twenty-five cents and costs.

Fanny Rosen, for assault and battery on Melvina Holmes, was fined $5 and costs.

TROY LODGE No. 63, G. T.—This Lodge was instituted last night by W. C. Troy, G. W. C. T. of the G. L. of N. C., in this city, a call for the same having been published heretofore in THE POST. There were no ladies present, but a large number are expected to join in a short time. This Order has made great progress in this State, and has done a great deal of good. No better field exists for the countenance of ladies who desire to do good in the world.

The following officers were elected and installed, viz:

W. M. Stevenson, W. C. T.
James Alderman, W. V. T.
W. H. Yopp, W. R. S.
W. H. Shaw, W. F. S.
C. W. Yates, W. T.
W. M. Hays, W. Chaplain.
R. B. Hartsfield, W. Marshal.
G. W. W. Davis, O. G.
A. G. Person, I. G.

After which the W. C. T. appointed the following subordinate officers:

W. M. Dodd, W. P. C. T.
H. W. Shaw, W. R. H. S.
N. W. Yopp, W. L. H. S.
E. A. Alderman, W. A. M.
H. W. Finlayson, W. A. S.

The regular meetings of the Lodge are to be held each Monday evening in each week.

The above named officers will hold their positions until November, when the first regular annual meeting will be held.

The Lodge then adjourned to meet on Monday evening, October 6th, at 8 o'clock.

STATE ITEMS.

Raleigh is to have a lodge of I. O. R. M.

The *Sentinel* thinks that the *Leisure Hour* will be on time about the first of November.

The night air of Raleigh is burdened with the music of brass bands and Italian minstrels.

The Oxford Orphan Asylum has four little Indians there to be educated, and they are very intelligent and well behaved.

A Methodist Church at Binghampton, N. Y., has presented a Raleigh Methodist Sabbath School a large lot of valuable books

The name of Capt. W. T. R. Bell appears as associate editor of the Kinston *Gazette*, along with that of E. A. Wilson, editor.

The new *Workingman's Journal* of Raleigh, in its second issue, hoists the names of T. M. Argo and W. Whitaker at its editorial masthead.

Raleigh arrests fast drivers in her streets and introduces them to the Mayor, who politely requests them to *ante up* a contribution to the city treasury, and they ante.

Mrs. Cox, of Craven county, while passing from her house to open her gate, tripped and fell, unfortunately dislocating her neck, from the effects of which she died instantly.

Patrick H. Bailey, late of Rockingham county, has taken a three years job pounding stone, &c., at the Penitentiary at Raleigh, in consequence of his not understanding the difference between *meum* and *tuum*.

Battleboro *Advance* tells of a planter in that neighborhood who has one acre of extra cotton for which he has been offered ten bales of ordinary cotton, worth $7,00. Last spring seeds of this cotton sold for ten cents apiece.

Salem people think that a mile an hour is good speed at night on the streets and sidewalks of that place. It ain't much better in Wilmington, now that we are too poor to have all the gas lamps in the streets lighted, and those that *are* used are in an almost useless condition.

The Raleigh *News* says: The negro woman who claims to be the mother of Miss Powell, with her witnesses, have filed their affidavits before Judge Watts at Smithfield, and the investigation will come off probably on the first day of Wake Superior Court. Miss Powell is ready with her witnesses and the investigation will prove one of more than ordinary interest.

Friend Myrover of the Fayetteville *Gazette* was in Wilmington last week, and after telling of some of the improvements he saw here, grumbles mightily about the sidewalks. We fear that our suburban friend strayed off when here, *all* the sidewalks in the principal *business* portion of the city being paved, he must have been on the wrong track when he struck the sand.

The Charlotte *Observer* enters a most solemn protest against the pavements of that quiet little village being blocked up with dry goods boxes. THE POST invites those enterprising Charlotte merchants who have been *protested* by the *Observer* to up stakes and move to Wilmington, where they can pile goods boxes on the sidewalks if they want to, as is done in all other large cities—it looks like business.

CORRESPONDENCE.

ABBOTTSBURG, Sept. 25, 1873.

DEAR POST: The Railroad Bank at this place has always been considered perfectly *safe*. The firmness of the same was subjected to a severe test yesterday, however, as you have seen by the telegraph reports. The run on it was caused by the *draft* of an ox, and created quite a *panic*. We are happy to say that there was not much damage occasioned by the event, as the animal was soon secured, and the cart was not badly broken. We suppose if the cart had not broken the bank would have. Before the excitement, a *line* was formed, but it soon broke, and the *bull* had it all his own way for a while; but the bank sustained the shock well, and we think will *bear* another. The *bull* was finally *cornered*, and will now have to *carry* his *bonds*. The run caused a great fluctuation in the watermelon market, some of which *tumbled completely* down, and we do not think they will ever *recover*. We are glad, however, it was no worse, and *trust* it will be a warning to persons who try to *hold* such uncertain *stock* in future, which is not only now at a *discount*, but we *protest* is always liable to be *unstable*. S.

— The ceremony of turning the first sod for the first railway in Persia took place recently at Resha, in presence of leading Persian officials and foreign consuls.

— Capt. Buddington and his companions sailed for America Tuesday in the steamer Antwerp. Several steamer lines offered the party free passage.

WASHINGTON.

WASHINGTON, September 27.

Since the positive policy of the Government has been announced that nothing more could be done for the relief of the finances, no one seems disposed to pay for dispatches of advice to the Secretary of the Treasury.

A competitive examination for receivers of the crippled National Banks is mooted. They are lucrative places.

Government drafts on Clewes, Habicht & Co., will be honored by Cooke, McCulloch & Co. Beyond this no change has been made in the London government agency.

Duff's Bank is in the hands of a receiver. There are two thousand depositors, and the deposits aggregate $750,000. This is the Washington City Savings Bank.

Many of the employes in the factories interested in railroad utensils, have been discharged. Others have struck on account of wages and hours.

Nearly all the Northern and Western cities have adopted conservative banking measures. Voluminous dispatches have been received here. The following is more frank and significant:

MILWAUKIE, Sept. 27.

The report that the banks here have suspended payment for sums larger than two hundred dollars, is a mistake. No such action has been taken. The banks are doing business as usual, except that they have stopped advances on produce until the Eastern banks are ready to respond.

NEW YORK.

NEW YORK, September 27.

One cholera death reported on the Villa du Havre, on the 6th day out from Havre.

The Brunswick, N. J., State Bank has suspended indefinitely. The directors, upon examination, find it impossible to go on. The police are after the cashier and bookkeeper. Defalcation $500,000.

The Sun learns that the government invested, yesterday, in exchange on London $1,500,000 for the navy and $700,000 for the State Department.

Private bankers have deposited security in the Bank of England for exchange.

Imports for the week eleven million dollars.

LOUISIANA.

NEW ORLEANS, September 27.

The city papers contain certificates from fifteen prominent doctors that they have no yellow fever under treatment, that the sanitary condition is excellent, and that strangers can visit the city with perfect safety.

SHREVEPORT, September 27.

There were thirteen interments yesterday—only one colored.

At the recent exhibition of the American Pomological Society in Boston, one of the finest tables was that covered with the various pomological offerings of Vermont. The collection embraced 119 varieties of apples and 20 of Siberia (crab) apples, besides 26 of pears.

A grocer being solicited to contribute to the building of a church, promptly subscribed his name to the paper in the following eccentric manner: John Jones, (the only place in town where you can get eleven pounds of sugar for a dollar,) twenty-five cents."
